

GET HOME SAFE PROMISE

Greetings students and advisors,

Enclosed you will find an activity kit to help your peers and students develop a designated driver program on your campus. We are here to support your efforts to keep our roadways and our communities safe by encouraging those around you to always use a sober driver.

- » Did you know that 78% of Washingtonians don't drive after drinking?
- » Even better, more than 80% of people in Washington take the action to stop others from driving impaired!
- » These are positive statistics, but our target is zero fatalities, and we will get there together!

You can help by agreeing to the Get Home Safe Promise. Abiding by these principles keeps our community safe and ensures we will all make it home safe each night.

- » I promise to ALWAYS be sober when I'm the designated driver.
- » I promise to ALWAYS ride with ONLY sober drivers.
- » I promise to ALWAYS encourage others to use a sober driver to get home safely.
